SAMPLE COPY - To Avoid Duplication & Misuse - Not For Execution

1. Purpose and Status of this Annexure

This Annexure sets out, for the Applicant, the proforma adopted by the Company for the MUNICIPAL Franchisee opportunity, the basis on which income is expected to arise, and the manner in which income is settled and verified. It is issued for reference and discussion.

This Annexure is **not part of the Memorandum of Understanding (MOU)**, is **not legally binding** as to income, and does **not constitute a guarantee** of income. Actual income shall depend on actual registrations, actual recharges, actual top-ups, actual advertisements, actual dine-in, delivery and booking volumes, market conditions, Circular updates, and verification by the Company. All figures in this Annexure are projections for understanding only.

The Tender retains the commission percentages in summary form. This Annexure retains the rupee calculation. The two documents are to be read together.

2. Basis and Scope of the Proforma

Scope - Municipal OWN only. The figures in this Annexure relate to the Municipal Franchisee's own area only. District, Business Centre and other area override income is not included in this proforma. Any such override, if applicable, shall be dealt with separately and shall not be inferred from this Annexure.

Basis adopted: The proforma is stated at 30% of the District proforma, on the same rate card, for a smaller area and for 3 years. (i) Year 1 - as per the 365 Days plan, total Rs.7,388,088. (ii) Years 2-3 - no new vehicle or business registration; all Year 1 registrations are assumed to continue. (iii) Vehicles in Years 2-3 - 1,500 vehicles recharge daily. (iv) Business top-up in Years 2-3 - 1,500 businesses, one top-up per business per month. (v) Advertisements in Years 2-3 - 375 advertisement businesses, 52 advertisements per business per year. (vi) Dine-In in Years 2-3 - 150 dine-in businesses, 10 orders per business per day. (vii) Delivery / Booking in Years 2-3 - 30 orders / bookings per day each. Actual performance may vary from this basis.

3. Summary - Three-Year Income Plan

Income Head	Year 1	Year 2	Year 3	Total 3 Years

TOTAL (Poster + Video)		25,026.58	761,225.00	9,134,700

The daily and monthly averages are derived from the yearly totals (Yearly / 365 and Yearly / 12).

6. Monthly Proforma - 36 Months

Year 1 monthly proforma is stated at the Year 1 average. Months 13-36 are stated at the steady rate. Actual monthly income shall be as per actual performance and settlement.

Months	Phase	Income That Month (Approx)
Month 1 to Month 12	Year 1 - Ramp (Average)	Rs.615,674.00 per month
Month 13 to Month 36	Years 2-3 - Steady	Rs.761,225.00 per month
Total 36 Months (Poster + Video)		Rs.25,657,488

7. Settlement, Reporting and Verification

Settlement. Income shall be settled as daily income and monthly income. Daily income comprises amounts withdrawable on a day-end basis through the wallet withdrawal facility in the login provided to the Applicant, subject to verification and to applicable GST, tax, TDS and other statutory deductions. Monthly income comprises first recharge and daily recharge of ride-hailing, monthly top-up of business directory, advertisement income, delivery, booking and dine-in service charges, and shall be settled on a monthly basis after cross-verification. No settlement shall be released without submission and verification of the Monthly Performance Report.

Monthly Performance Report. The Franchisee shall submit the Monthly Performance Report by the 5th day of the following month, by email / WhatsApp, in the format in Section 8. The Report shall state daily performance, monthly performance, escalation items, cross-verification status, daily withdrawal requests and monthly withdrawal requests, and the plan for the following month. The Company shall verify the Report against the system login. Where the Report and the system login differ, payout shall be held until verification is complete.

Escalation and cross-verification. The Franchisee may escalate findings, doubts and differences in displayed achievements to the backend support team. Upon finalisation of cross-verification, the Franchisee may request the daily withdrawable wallet balance. The Company shall provide guidelines and support and shall take immediate action or provide proper explanation, as applicable.

Fee and EMI. The franchise fee for MUNICIPAL is Rs.4,00,000, paid in Year 1. Where EMI is selected through the chatbot, EMI shall be deducted from the 4th month: 10 EMI of Rs.40,000 per month, or 20 EMI of Rs.20,000 per month. Net income = Gross income - deductions (GST / tax / TDS) - EMI - pending amounts. No EMI applies in Months 1-3.

10. Seven Days Validity Clause

The Applicant shall have 7 days from the date of payment of the Registration Fee (Rs.150/-, maintained via chatbot Razorpay webhook, auto-verified instantly, after which the Tender and Annexure PDFs are auto-sent) to confirm the opportunity by paying the Advance of Rs.5,000 and signing the MOU on Rs.200 Stamp Paper. If confirmation is delayed beyond 7 days from the Registration Fee payment date, the Company may not agree to the rates, percentages, commissions, EMI options and fee structure in this or any document (Tender, Annexure B, MOU, or otherwise). After 7 days, such rates, percentages, terms and conditions may stand void and be subject to change as per Circular and market conditions and as per Clause 24 and Clause 24A (Indemnity, Non-Liability, Independent Contractor, No Agency, Company not affected by any circumstance, All-India Legal - 28 States + 8 Union Territories). The Registration Fee and the Advance are non-refundable and separate, and form part of the total fee structure, per the Tender.

Monthly settlement and salary / rent contribution, where applicable, shall be released only after submission and verification of the Monthly Performance Report (Section 8 of this Annexure / Page 19 of the Tender). No settlement shall be released without the Report.

11. Changes List - What Moved From Tender to Annexure B

For transparency, the following were removed from the Tender and moved to this Annexure: (i) Ride-Hailing calculation (Registration, First Recharge, Daily Top-Up) - Section 4. (ii) Business Directory / Delivery / Booking calculation - Sections 4-5. (iii) Monthly Breakup - Daily Targets - Phased Targets - Sections 4-6. (iv) Bottom Verification tables - Section 9. (v) Income totals - Section 3. What remains in the Tender: commission percentages in summary form, fee structure, benefits in words, duties, legal provisions (MOU, NDA, Termination, Dispute), biodata and declaration.

12. Declaration - Annexure B

The Applicant confirms that this Annexure B - MUNICIPAL Franchisee - 3 Years - File: 04_Municipal_Annexure_B_Full_Rs150.pdf - has been read in full. The Applicant understands that this Annexure is for description / projections only, is not part of the MOU, is not legally binding, and is not guaranteed. Income depends on actual business generated, actual area, actual percentages, Circular updates, GST / TDS, EMI, and verification by the Company. The Applicant understands that the Tender retains commission percentages in summary form and that this Annexure retains the rupee calculation for reference and discussion.

SAMPLE COPY - To Avoid Duplication & Misuse - Not For Execution - Original Valid Only on Rs.200 Stamp Paper with Company Seal & Signature - Year 2026

APPENDIX A - How Vehicles in 90 Days Are To Be Achieved

This Appendix sets out the operating plan on which the Year 1 proforma in Section 4 is based. It is a plan of work, not a guarantee of result. Achievement shall depend on daily execution, market response, and verification by the Company.

A.1 Daily Target

Period	Target	Daily Average
Days 1-90 - Vehicle Registration	1,500 vehicles	16.7 vehicles per day (1,500 / 90, rounded to 17 per day)
Days 91-180 - Business Registration	1,500 businesses	16.7 businesses per day (1,500 / 90, rounded to 17 per day)
Days 181-365 - Consolidation	No new registration target	Recharge, top-up, advertisements, dine-in, delivery and booking of the registered base

The target is stated on a calendar-day basis. Where a day is lost on account of holiday, weather, or market closure, the shortfall is to be recovered within the same phase. The Monthly Performance Report shall record daily achievement against the target.

A.2 Division of Responsibility

Function	Company	Franchisee
Office, Staff and Rent	Contribution towards staff and rent for 5 months, as per the Tender	Establishment and daily operation of the district office, recruitment and supervision of field staff
Advertisement Support	Advertisement support for 12 months, as per the Tender	Local execution, local-language promotion, and follow-up of advertisement leads

Function	Company	Franchisee
System, Login and Backend	Login ID and password, wallet, chatbot and automation for lead sorting, registration recording, and daily / monthly reporting	Daily entry of registrations, recharges, top-ups and service volumes in the login, and daily verification of the displayed count
Leads	Central marketing, brand material, and automation to sort leads into conversions	Local lead generation from vehicle stands, unions, associations, markets, commercial streets, and business clusters, and commercial follow-up of all leads
Training	Initial marketing and backend training, and guidelines for registration, recharge, top-up and service delivery	Attendance at training, and training of field staff in the same procedure

No single source of leads is relied upon. The plan requires central marketing and local field work together. A day without field work is a day without registrations.

A.3 Daily Operating Discipline

(i) Each day, the field team shall work from a written list of vehicle stands, business clusters and appointments for that day. (ii) Each registration shall be entered in the login on the same day, with the referral code, vehicle / business particulars, and payment particulars. (iii) Each evening, the Franchisee shall reconcile the day's registrations in the login with the day's receipts. (iv) Any difference shall be escalated to backend support on the same day, and not carried forward without record. (v) Each week, the Franchisee shall review the cumulative position against the target and revise the following week's field plan accordingly.

A.4 What the Company Shall Do Where Performance Is Below Target

Where performance is below target, the Company shall not proceed directly to termination. The sequence shall be: (i) written notice of the shortfall, with the verified figures; (ii) re-training and a revised field plan for the following phase; (iii) additional marketing and backend support for a defined period; (iv) a further review at the end of that period. Termination shall be considered only where, after support and notice, repeated failure continues, as per the Tender and the MOU.

APPENDIX B - Sensitivity, Break-Even and Downside Case

This Appendix is provided so that the Applicant may assess the proforma at a lower level of performance than the full proforma in Section 3. The full proforma remains the primary proforma. The sensitivity is a simple proportional illustration: at 50% performance, each income head is taken at one-half of the full proforma. It is not a separate promise, and actual income at 50% performance may differ, since fixed costs, deductions and market conditions do not vary in exact proportion.

B.1 Sensitivity - Full Proforma Compared With 50% Performance

Period	Full Proforma (Section 3)	At 50% Performance
Year 1 - Total	7,388,088	3,694,044
Year 1 - Monthly Average	615,674.00	307,837.00
Years 2-3 - Each Year	9,134,700	4,567,350
Years 2-3 - Monthly Average	761,225.00	380,612.50
Years 2-3 - Daily Steady	25,026.58 per day	12,513.29 per day
3-Year Total (Poster + Video)	25,657,488	12,828,744
Less: Franchise Fee	400,000	400,000
Net After Fee - 3 Years (Before GST / TDS)	25,257,488	12,428,744

At 50% performance, the 3-year gross remains a multiple of the franchise fee, on a gross basis before deductions. The Applicant is advised to assess the position after GST, tax, TDS, EMI, staff cost, rent, and local expenses, which are not included in the gross figures in this Annexure.

B.2 Break-Even - Recovery of the Franchise Fee

Basis	Recovery of Rs.4,00,000 (Gross)
At Full Proforma - Year 1 Average	Rs.4,00,000 / Rs.615,674.00 per month = 0.65 month, approximately 19 days of Year 1 average gross
At 50% Performance - Year 1 Average	Rs.4,00,000 / Rs.307,837.00 per month = 1.30 month, approximately 39 days of Year 1 average gross

Basis	Recovery of Rs.4,00,000 (Gross)
By Registration Alone	Rs.4,00,000 / Rs.135 per vehicle registration = 2,963 vehicles. Registration alone does not recover the fee within the 1,500-vehicle Year 1 target. Recovery depends on recharge, top-up, advertisements, dine-in, delivery and booking together, as per Section 3.

Break-even in this Appendix means recovery of the franchise fee from gross income as per the proforma. It is not a statement of net profit, and it does not take into account GST, tax, TDS, EMI, staff cost, rent, advertisement cost, or other operating expenses. The Applicant shall prepare a separate net-profit assessment, taking into account local costs, before entering into the MOU.

B.3 Reading of This Appendix

Appendix A and Appendix B are part of this Annexure for reference and discussion. They do not alter the full proforma in Section 3 or the validity clause in Section 10. Where any figure in an Appendix differs from Section 3, Section 3 shall prevail.
